CAPE COD

New Location of Sagamore Gardens

The U. S. Government is going to erect new bridges over the Cape Cod Canal and this will necessitate making a new road on Route 3. As this new road will shut my gardens so far from the King's Highway I have now prepared a new 10-acre garden on the Sagamore Sandwich line on the main highway just where the new road rejoins the old one. This is about half a mile beyond the canal going toward Sandwich. The bridge will not be completed until January, 1935 but I deemed it advisable to relocate my gardens this season.

At the entrance to my gardens visitors will find an Inn where good food may be had at very reasonable prices and the owner, Mr. West also operates a gas station here which is never closed. Be sure and see the world's finest dahlias at my gardens this season.

GREETINGS

FOR 1934

To all my friends and customers and to all dahlia lovers and growers everywhere I extend my hearty greetings for a year of prosperity and good cheer. I have been progressing steadily each year with an enlarging garden and an ever increasing business. I have just opened a new plot of about five acres where I hope to greet many of my friends.

For several years I have been spending much time and effort on new creations in an effort to attain the best. This year much to my satisfaction I have achieved the great pleasure of seeing my KING OF YELLOWS on the Honor Roll which Mr. Hart picks each year for the American Home Magazine. I have several other creations which have Certificates of Merit from the Trial Gardens at Storrs. I would like to call the attention of the public to the fact that my creations are all from seed which I grew in my own gardens on Cape Cod. I never buy a creation or the seed to try for new varieties as many growers do. My business for 1933 was much larger than I hoped for or expected. The past summer on Cape Cod was an excellent one for dahlias. I never had a better season for size and number of tubers. Wishing you all A Happy and Prosperous New Year; also a beautiful garden this coming season, I am,

Very Truly Yours,

Dr. Shirley Smith Shattuck.

SAGAMORE GARDENS

KING OF YELLOWS

HONOR ROLL DAHLIA in the American Home Magazine for 1934. I claim this is the best informal decorative dahlia to date. It has a certificate of merit from Storrs. The color is a very beautiful buttercup yellow held on a perfect stem, holding the flower well above the foliage. This flower is large and will go nine inches without disbudding. If grown to four canes and disbudded it will go much larger. The blooms are very deep and the petals are very narrow and fold over making it very beautiful. The foliage is perfect and insects have not bothered it.

MANOMET

One of the best cactus dahlias that I have had the pleasure of growing. It is a very beautiful orange, spotted darker. Very large going to twelve inches. Grow to four canes. The flowers are held on good long stems well above the foliage. It is a very fine keeper as I have had it in vases for five days without changing water.

PRES. FRANKLIN DELANO ROOSEVELT

This is a formal decorative that has a certificate of merit from Storrs. A chinese red with fawn edge and cream reverse, making the blooms very striking. The flowers are very large and deep going eight inches without disbudding and holds its size all season. The blooms are held well above the foliage on good stiff stems. It is a profuse bloomer and should be disbudded and it can be grown then to eight canes without reducing the flowers to less than nine or ten inches. The foliage is perfect. Insects do not like it.
